

FIXED ON JESUS

Worth It – 2/28/2021

OVERVIEW

We are in a spiritual race. It is challenging, it is hard work, and it can even cause pain. But the good news is that we have a perfect example in Jesus who shows us how to run a race of endurance fueled by joy. We have a God who--in a single breath--birthed galaxies. "Therefore," the race we are running is worth it! He is worth our worship, reverence, and awe.

Scriptures: Hebrews 12:28-29; Psalm 8:3-4,104:1-5; 1 Thessalonians 5:16-18

APPLICATION

This week is a little different. It's about experiencing God's greatness. It's about seeing His mighty provision. It's about having joy as you run the spiritual race that He has for you. He is worth running this race for! Take time to reflect on this as you answer the following questions.

- As you watch the video on God's greatness displayed in the sea, what stands out to you about God's details, the mighty creation, the vastness, etc.?
- Read Psalm 8:3-4 aloud. We serve a God who spoke galaxies into existence, yet He still cares about each one of us. What emotions are invoked in you as you think about His deep care?
- We watched a video with several people sharing how they struggled with a situation or circumstance, but with Christ they received freedom. Answer this question about yourself...
 - Before Christ _____; after Christ _____.
- What are some good things you are thankful for?
- What are some challenging or hard circumstances that you can be thankful for?

NEXT STEP: This week, do not focus on your current circumstances, but keep your eyes fixed on the prize. He is worth it!! And he is worthy of your worship, adoration, and surrender.
